

2016-2017 MEMBERSHIP

Welcome ladies to our new membership year! We have the opportunity to have an outstanding membership year if we start out right now. We can't wait ladies; if we wait it will never happen. Your goal, my goal and our goal is to be members of a growing and productive organization. It is up to all of us, you and me, to accomplish this. Together we can accomplish much with our membership and for our programs.

Your membership team, Beverly Waller, Susan Campbell and I, Judy Stancil, are asking each member to sign up at least one new member.

Also, we are asking all Department Officers and Unit Officers to have their membership dues paid and sent into Department by September 1st.

Unit Membership Chairman, please go over your membership booklet for the individual and unit awards that can be earned.

If your department membership team can assist you in anyway, please call me and we will get the assistance to you as quickly as possible.

Thank you in advance for the job you will be doing for our membership and doing for our veterans.
